

The Brotherhood Synagogue presents

Preventing Breast and Colorectal Cancers: Can It Be Done?

an evening with

Dr. Gad Rennert
of the **Technion-Israel Institute of Technology**

Monday, April 12, 2010, 7:00 pm

Dr. Gad Rennert is a Cancer Specialist and the lead researcher of the Technion Faculty of Medicine and chairman of the Department of Community Medicine and Epidemiology at the Carmel Medical Center of Clalit Health Services. Dr. Rennert was the leader of the research team that found that a popular class of bone-building drugs appear to significantly reduce the risk of breast cancer. His research has appeared in **The New York Times, Wall Street Journal, U.S. News & World Report** and was recently published in **The New England Journal of Medicine**.

Alyson and Richard Breier are pleased to be sponsoring the refreshments following this important discussion.
